

2 Drum Spill Workstation, Yellow

SKU: 5117-YE

Description

ENPAC's workstations are modular, low-profile drum spill containment pallets that connect to customize a workspace to any situation.

- 100% polyethylene construction won't rust or corrode
- Holds two (2) 55-gallon drums for drip and leak protection
- Provides EPA compliant containment for 20-gallon drums and smaller
- Low-profile design stays out of the way
- Connect units together with inverted U-channels to make 4 drum, 6 drum, or 8 drum workstations, or more!
- Removable [grate](#) for easy access to the sump
- Optional [tarp](#)

Disclaimer: The load capacity is based on a Uniformly Distributed Load (UDL).
